Lambton College's post-graduate programs are designed for highly motivated, professionally focused, international students who are looking for a career-oriented education.

Lambton College also offers popular programs at the undergraduate level.

Our academic programs are designed to maximize opportunities to gain Canadian work experience through co-op placements or internships. Academic schedules are efficiently designed so that students can minimize commute times and maximize relevant part-time employment opportunities. Students in some programs are also able to work closely with industry partners to drive commercialization efforts through research projects.

# PRESIDENT'S MESSAGE

Thank you for taking an interest in Lambton College.

Opening up this Viewbook is a great first step, and I'm proud of what you're going to read in these pages. But I want to invite you to come experience our College in person. Our doors are wide open, and we're reintroducing learners to a Lambton College that's better than ever. I want you to come into our new buildings and take in our state of practice labs and active learning classrooms. To tour one of the leading athletics facilities in Ontario colleges, and picture yourself in the stands cheering on some of the best varsity teams in the province.

I want you to be greeted by the faculty, staff and students that make up our inclusive and caring college community. To get a feel for the strong community ties we've cultivated that will support you as you prepare for a career in a region that is always ready and waiting for our graduates.

I want you to begin to understand the uncompromising quality of our career-focused programming, and our college-wide focus on wellness that will support you from application to graduation. To be introduced to our nationally ranked research department, our globally renowned student teams, and what I consider the best Student Administrative Council in the entire college system.

There is nothing quite like the home of the Lions. We would love to welcome you to this pride.

> **Rob Kardas**  
President & CEO

### Land Acknowledgement

Lambton College is located on the beautiful homeland that is the traditional territory of the Ojibwe, Potawatomi and Odawa First Nations. These three individual Nations make up the traditional Three Fires Confederacy. **We acknowledge the grace and the welcome they have offered to all students and staff at Lambton College.**

# STUDY IN SARNIA

Lambton College's main campus is in Sarnia – one of the safest and most affordable communities in Ontario. Maybe that's why 96% of international graduates recommend studying here! The city is easily accessible by foot, bicycle, public transit, or automobile.

With 115 km of waterfront and 600 km of nature trails, Sarnia provides international students a quintessential Canadian experience.

Equally important is that there is an abundance of quality part-time jobs for international students close to campus at nearby restaurants as well as in retail, grocery and convenient stores.

▶ Find out why you should Choose Sarnia

▶ Known as "Ontario's Blue Coast," Sarnia has plenty to offer those who have the privilege to live, work, or study here.

# STUDY IN MISSISSAUGA

Mississauga is home to over 1,400 multi-national firms, making it the perfect city in which to live, study and work.

Lambton College Mississauga is conveniently located near Brampton and Toronto's Pearson International Airport.

Lambton College Mississauga programs are delivered at Queen's College in two buildings with over 30,000 square feet of classrooms, labs and study areas. Over 4,000 students have graduated since this location opened in 2017.

▶ Explore Lambton College Mississauga

# STUDY IN TORONTO

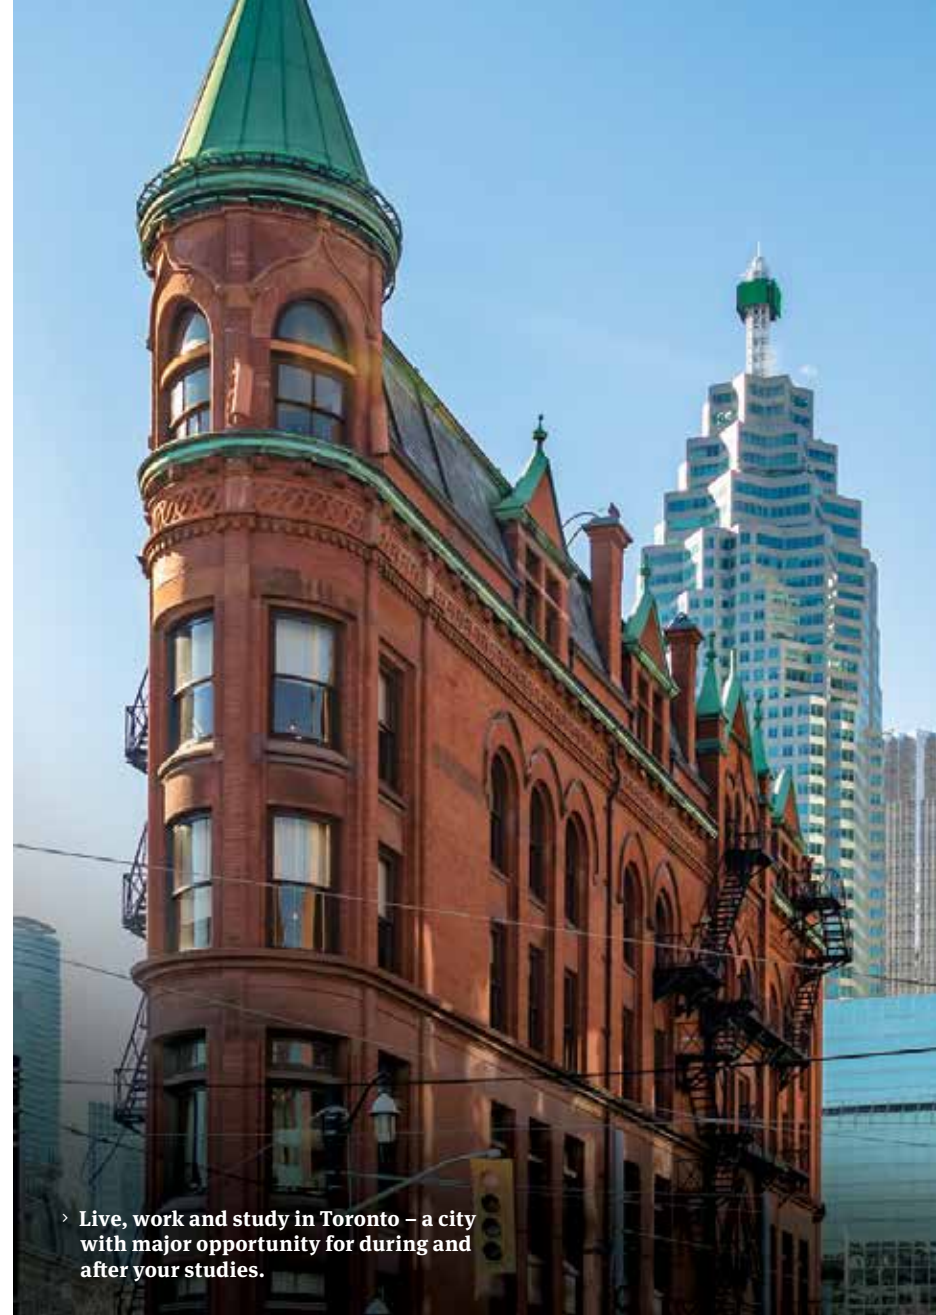

Canada's largest city – Toronto – is among the safest and most diverse cities in the world.

Lambton College Toronto at Cestar College is conveniently located within walking distance to restaurants, shops, and the Don Mills subway station.

Lambton College Toronto is comprised of two large buildings and 100,000 square feet where students can access student services, a fitness centre, self-study areas, tutoring, research, a library, a coffee shop/cafeteria, and an auditorium where students can attend entertainment events. Over 13,000 international students have graduated since this location opened in 2011.

▶ Explore Lambton College Toronto

› Live, work and study in Toronto – a city with major opportunity for during and after your studies.

# OUR GRADUATES SHINE

## Employment after completion of your program.

According to the latest Key Performance Indicator report, Lambton College has achieved the highest Employer Satisfaction rate in Ontario with 100% of employers surveyed reporting they were very satisfied with the performance of their new hires.

- › 100% Employer Satisfaction Rate
- › 96% Satisfied Choice of Study Destination
- › 88% Graduate Employment Rate

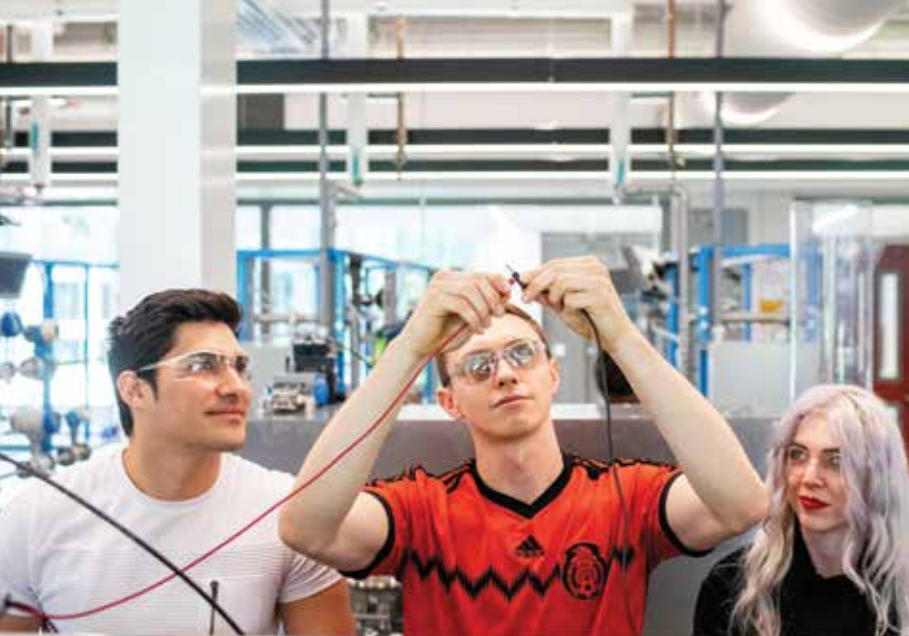

## PLACEMENT & CO-OP

Apply theory to the real-world through work experience.

Nearly 80 percent of our programs include a work-integrated experience through either co-op, internship, placement or capstone project. The best part is that while taking advantage of co-ops and internships, students are building connections with future employers, colleagues and researchers – making finding a job after graduation that much easier!

▶ Learn more about finding a Co-Op

# RESEARCH & INNOVATION

Research at Lambton College continues to be recognized at both the provincial and national levels.

Lambton has maintained a strong position in the standings year over year, spending the last five years in the top three national ranks, including a first-place status in 2018. The annual ranking and analysis of Canada's top research colleges is based on research income from the previous year.

The newly released data also places Lambton #1 in the nation for the number of paid student research positions. Throughout the pandemic, Lambton College continued to demonstrate leadership in research through many collaborative projects. These projects included, but were not limited to, providing much-needed hand sanitizer to frontline workers, conducting research to improve COVID-19 testing capabilities, developing action plans for long-term care homes, and developing and designing 3D printed parts needed for hospital equipment.

The College recognizes that innovation is at the forefront of many initiatives that have been developed and implemented in the past year to support education, operations, student experience and the community.

## Current Research Rankings\*

#1 in Student positions  
#4 overall across Canada

- › Heating, Refrigeration & Air Conditioning Technician (HVAC)
- › Millwright Mechanical Technician (MTIM)
- › Renovation Construction Technician (RENT)
- › Welding Techniques (WELD)

› Graduate with the skills, training and experience needed to find high-paying positions.

“ Just take the step. Don't worry about what is or isn't guaranteed. Take the step. It's the journey that is the pearl in life, it's not necessarily the destination. ”

- Jason  
Renovation Construction Technician graduate

▶ Finding a Part-Time Job as an international Student

## EMPLOYMENT OPPORTUNITIES

A wide variety of student employment opportunities are offered on and off campus. Co-op positions can be completed locally, provincially, and nationally.

Gaining Canadian work experience prior to graduation is an important factor in a student's ability to find meaningful post-graduate employment.

### Benefits of working in Canada

- > Income towards student fees
- > Making connections and meeting new people
- > Easier to become immersed in Canadian culture
- > Gain work experience

# SCHOLARSHIPS

Money matters and we want to ensure students are able to receive the level of education they deserve.

Top international students are eligible to receive entrance scholarships of \$1,000 to \$3,000 depending on the study location and program.

Save up to \$3000 with scholarships available.

▶ Learn more about scholarships available

For more information visit:  
[lambtoncollege.ca/scholarships](http://lambtoncollege.ca/scholarships)

# MEDICAL INSURANCE

Emergency medical insurance is mandatory for all international students at Lambton College. This includes students who are full-time and part-time and who are on a co-op. This insurance is provided by *GuardMe* - a third party insurance provider.

#### Annual coverage periods for studies starting in:

- › FALL TERM: September 1 - August 31
- › WINTER TERM: January 1 - December 31
- › SPRING TERM: May 1 - April 30

#### EARLY ARRIVALS:

- › New international students arriving in Canada less than 30 days before their program start date have coverage in place and are not required to purchase early arrival coverage.

The insurance policy does not, nor is it intended to, replace the coverage under the Ontario Health Insurance Plan (OHIP), for yourself or any members of your family. The health care insurance is for emergency health care coverage during your study period and includes only a basic package that is subject to change on an annual basis. It is important to emphasize that not all conditions are covered, and prospective international students are strongly encouraged to review their coverage details before arriving in Canada - this will allow adequate time to purchase additional coverage before departure if needed.

#### Things to note:

- › Coverage does not include over-the-counter medications.
- › Coverage is for registered students at Lambton College only.
- › Coverage does not extend to spouses or children — you may wish to pay a supplemental fee to include dependents in your coverage.
