English Equivalency

At VGC's School of English Language, we are proud of our academic reputation. We have earned this through our exceptional teaching staff, well-designed English courses and personal attention to our students.

All of our students take a placement test either online or upon arrival at VGC, to ensure they are assigned to classes that are suitable for their needs and goals. We follow our students' progress carefully by counselling, guiding and helping them achieve their language objectives.

All VGC levels are based on the Common European Framework of Reference (CEFR) and have equivalent band scores for the IELTS Exam, TOEFL Exam and Cambridge Exams. This allows our students to have a full understanding of where they are in relation to all major international standards.

To ensure student objectives are met, each VGC student receives a student folder where their individual work and progress is collected.

NIINA from Japan

VGC is the only place that gives such useful knowledge and techniques in detail as well as provide lots of in class teaching practice in the TESL program. It is really challenging, but these skills I learned for teaching the English Language are a treasure that cannot be bought from anyone. I will definitely utilize what I learned in the TESL course when I become an English teacher.

At VGC International College, we are proud of our outstanding quality of education. We believe that every student deserves to have access to all the necessary tools and support needed to improve their English, enhance their communication skills, and achieve their career goals. That is why we have created four extra services to ensure students reach their highest potential while studying at VGC. Current students can utilize our Study Lab, Writing Center, and Workshops while alumni can access our Continuing Studies services at no extra cost.

CORPORATE SOCIAL RESPONSIBILITY

The international initiative to put money back into NGOs that support education in developing countries is a project VGC International College cares deeply about. With partners from Brazil, Panama, and Thailand, VGC pledges to give a dollar a day for every Brazilian, Panamanian, and Thai student who attends our school. The collected funds are utilized to purchase school supplies and goods aimed at assisting low income families interested in improving their situation through education.

Note: Donations are made in tangible goods such as: textbooks, pens, and paper. VGC does not benefit from any tax breaks.

VGC's Educate for Change

CASA DO ZEZINHO - Brazil

Located in what is called the "triangle of death" between Jardim Angela, Jardim Sao Luiz and Capao Redondo in the outskirts of São Paulo, Brazil. They help young adults living below the poverty line, most of whom live in no more than two room shacks with large families and who are often immersed in violence in and out of their home. Casa do Zezinho creates positive conditions, through education, art and culture, for low income children and young adults under extremely vulnerable conditions. They help young people overcome the barriers imposed by their living standards to become self-reliant and able to make mature decisions about their own lives.

INSTITUTO URRACA - Panama

Despite limited resources, Instituto Urraca promotes academic excellence and calls for young students to work hard towards attaining higher academic and professional goals. Instituto Urraca delivers a structured theory and hands-on high school program to students from low income families and various cultural backgrounds.

MIRROR FOUNDATION - Thailand

This NGO is run by Thai and hill tribe staff who work for the social development of the community and for the benefit of ethnic minorities. The foundation runs Rai Som School which works specifically to give access to basic education to stateless children. The school's curriculum is designed to fit with the lives of the local community. It teaches the local language as well as Thai and English.
